1. Claims 14-28 are allowed.
2. The following is an examiner's statement of reasons for allowance: A connecting comprising a multilayer board constructed of plural boards that are laminated with the limitations "a first high speed transmission line board having a stripline structure, that comprises a first elastomer sheet that has a fixed dielectric constant; plural first elastomer strips arrayed at two edges of the first elastomer sheet, that are electrically conductive between front and back surfaces" and "plural first high speed transmission lines connecting two ends of the plural first elastomer strips and being formed in a pattern on the first elastomer sheet" in combination with other claimed limitations of the base claim 14 has not been disclosed or fairly suggested by the prior art of record, taken alone or in combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Claims 26 and 27, previously withdrawn from consideration as a result of a restriction requirement, are hereby rejoined and fully examined for patentability under 37 CFR 1.104, as they directly (indirectly) depend and include all the limitations of the allowable claim 14.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, **the restriction requirement as set forth in the Office action mailed on September 14, 2007 is hereby withdrawn.** In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971).
